

AJOU MST INTERNATIONAL INTERN PROGRAM

January 2nd ~ January 31st, 2020

DEPARTMENT OF MOLECULAR SCIENCE AND TECHNOLOGY, AJOU UNIVERSITY
SUWON, KOREA

RESEARCH INTERNSHIP

- Four-week research experiences on biotechnology, medical science, materials, and nanotechnology
- 20 research groups in the Department of Molecular Science and Technology (http://www.ajou.ac.kr/mst_en/)
- Participation in social and cultural activities
- Stipend: 1,000,000 KRW/month
- Period can be adjusted through discussion

ACCOMMODATION

On-campus housing is available.

- Four-bed room: 388,000 KRW / 4 weeks / person
- Two-bed room: 553,000 KRW / 4 weeks / person

CONTACT INFORMATION

Department of Molecular Science and Technology
Tae Hyeon Yoo, Assoc. Prof., Ph.D.

▪ Tel: +82-31-219-1593 ▪ E-mail: mst@ajou.ac.kr

ELIGIBILITY FOR APPLICANTS

- Undergraduate seniors or master's degree students
- GPA of 3.0 or above
- Adequate English proficiency

APPLICATION MATERIALS

- Application form (http://www.ajou.ac.kr/mst_en/)
 - Statement of purpose
 - Official academic transcripts
 - Official English proficiency test score (if available)
 - A copy of passport
 - A passport sized photo (plain background)
 - Curriculum Vitae
- © Send all the application materials in ONE email with subject 'Application for AJOU MST International Intern Program' to mst@ajou.ac.kr by October 30th, 2019

AJOU UNIVERSITY

- One of the leading research university in Korea
- Location: Suwon (30 min by subway from Gangnam, Seoul). Suwon has Samsung Electronics and Hwaseong Fortress, a UNESCO Heritage Site. Suwon is a city harmonizing Korean tradition and a modern city environment.
- 11 different colleges, including College of Engineering (ABEEK accredited – Member of Washington Accord), College of Medicine (JCI accredited), and School of Business (EPAS accredited)
- The only university in Gyeonggi Province having both Professional Graduate Schools of Medicine and Law
- On-campus medical center which is one of the top ten hospitals in the nation (over 1,000 beds)
- Carrying major research and education projects in Korea (CK-II, BK 21 Plus, LINC, etc)
- About 30% of courses are carried out in English lectures
- Accredited by Korean Government for excellent management and services for international students (IEQAS)

[ONE OF THE TOP 100 ASIAN UNIVERSITIES]

Students

15,000

15,000 in total(10,000 undergraduate and 5,000 graduate students)

Faculty

1,350

Faculty members including medical center

Partner universities

310

Having collaborative partnerships with over 310 universities in about 70 countries

International students

900

800 international students from over 65 countries

One of the leading research universities in Korea

DEPARTMENT OF MOLECULAR SCIENCE AND TECHNOLOGY (MST)

- Interdisciplinary program of biotechnology, applied chemistry, and medical science (http://www.ajou.ac.kr/mst_en/)
- 20 research groups
- ~120 graduate students
- Over USD 9 million/year grants including major research and education projects in Korea (BK 21 Plus, Priority Research Center, Pioneer Research Center, Future Material Discovery Center, etc)
- Over 100 publications/year
- Collaboration with international institutes including Harvard University, Massachusetts Institute of Technology, Johns Hopkins University, Northwestern University, Vanderbilt University, ETH Zürich, École Polytechnique Fédérale de Lausanne, Technical University of Denmark, University of New South Wales, Chiba University, Kyushu University, Shanghai Jiao Tong University
- Collaboration with industrial companies
